heet has declaration sheets which automatically add the names and events to the results sheets the scores will add up automatically and be shown at the bottom of the sheet! Check the eventual scores and fill in the positions at the bottom of the results sheet. The final positions sheet which will then also auto add.

Notes on using Vets League Score Sheet

Look through the tabs at the bottom of the Page and see what the sheets say before changing anything.

Make a backup copy just in case!!

Good idea to try your printers now, see all sheets print OK (landscape)

adjust page area if needed

Go to the Grey Men dec / women dec tabs

Add competitor names [on this sheet only **not the results sheet**] **not the events!!!** (Do not drag names across sheet!!!!)

Check ALL the Headers and Footers are correct. [see View]

Resave with you're the file Name [eg Midland Vets C Cup Final 2015]

Try and Have a reader to help you enter the results on the day

In The GRAY tab **declaration sheets** Put in the **team and Numbers if needed**; THEN under each team fill in names. Put in the **Initial + surnames** in the correct columns from the declaration sheets (Short names can go in completely but long names will cause problems printing).

Check the names have automatically appeared on the appropriate score sheet; If correct **SAVE**

Repeat steps 6+7 for Men dec/women dec.

New system

Go to coloured **results input tab** (see bottom of page)

Fill in **competitors No** next to their position

Use TAB > **enter performance**.

NB Name , club and points are auto inserted.

If ties insert points manually

Check Men / Women that results appear in correct column

IF 0 appears as the name in the results input after inserting number check declaration. A name must be present for the scoring to work, Check with team managers if not sure

You may temporarily assign letters x/y/z etc **but do not repeat letters in the same event**

New system

When all events are entered check no spaces are left

If all is correct Save!!

Determine positions of clubs and League points from scores and **add to bottom lines of results sheets** Save again.

Print a copy IF OK run rest off

Transfer results to **Final positions** sheet **This should work automatically** (print out is helpful here)

If clever with excel sort on column O then N (Need to highlight women's and men's results separately.)

Check positions are correct and **SAVE**

Print a copy IF OK run rest off

Well done get out the whisky!!!!

ANY Problems on the day Shout for (or at!) DAVE Cowley

GOOD LUCK!!

After match send copies of all sheets and declarations to Area Secretaries. And initial results to team managers

NB if events different change on declaration sheet not score sheet

Times are formatted on result sheet so check format and change if even

Failure to do so will cause a mismatch and wrong results

The book is protected to try and avoid information being put in the wrong place there is no password so you may unlock and change things if you Know what you are doing

On the declaration sheet DO NOT DRAG names, mucks up whole program!!!!
